We have recently inspected these Grafts in the greenhouses and find them in excellent shape and coming along nicely. We recommend that the exact shipping date be left largely to Nick. Some sorts do not start off as quickly as others. He knows when all varieties in an order are right to move. We will, of course, pass on to him your wishes as to shipping date and he will come as near meeting it as condition of stock warrants. Let your order come quickly. Last call.
